# Tripp Through Marion's Past

H. Edmund Tripp Thrives on Town's History

There's an addictive dash of excitement in H. Edmund Tripp's eyes when you ask him about some of the highlights of Marion's rich, historic past. He doesn't take the form of a man who likes to boast about his heritage or someone who's boisterous about dates and figures.

On the contrary, he displays a genuine pride in his town's beginnings and a voracious appetite for tracing the steps of previous generations who walked the territory once known by the Indian name "Sippican."

"As a boy I grew up in Marion and I worked for the old boat yard — S.J. Watts Company in those days — and the town's dump wagons used to come

# LEAGUE OF WOMEN VOTERS OF MARION-MATTAPOISETT-ROCHESTER VOTER'S GUIDE - TOWN OF MARION

The League of Women Voters, in cooperation with *The Wanderer*, and the candidates, has prepared this information for voters for the April 30, Marion election. Candidates for Selectman, Town Clerk/Treasurer/Town Collector, Board of Health, School Committee, and Old Rochester Regional School Committee were asked to provide information including age (optional), education, and experience and qualifications. The candidates were also asked a question pertaining to the office they are seeking. Candidates responses were limited to twenty-five words for information about their education, occupation, experience and qualifications and fifty words for their response to the question. The candidates' responses were not edited unless they exceeded the word limit.

#### Selectman (Elect One)

The candidates for Selectman were asked: "In what areas, if any, would you support regionalization for the tri-town area, and, briefly, why?"

John R. Farnham. Age: 59. Education: Northampton High School, U. Mass.-Amherst. Occupation: Retired Com Electric Manager. Experience and Qualifications: Manon Finance Committee 13 years; Assistant Harbormaster; presently member on four Marion town government committees. Response: None that I could suggest at this time. With the dismal lack of support for the needed repairs to Old Rochester Regional High School, it would seem that regionalization of towns with different economic priorities just doesn't work. Let's hope we can turn that around soon for our children's sake.

David K. Pierce. Age: 43. Education: B.S. UVM, M.A. Dartmouth College, M.S. UMass Dartmouth (expected '93). Occupation: physics teacher - Tabor Academy. Experience and Qualifications: Planning Board, Housing Partnership, Wastewater Treatment Study Committee, Natural History Society. Response:

UMass Dartmouth (expected '93). Occupation: physics teacher - Tabor Academy. Experience and Qualifications: Planning Board, Housing Partnership, Wastewater Treatment Study Committee, Natural History Society. Response: There are many avenues of regionalization already underway which I readily support: school district, water distribution, M.M.R. Housing Cooperative, and sanitarian just to name a few. It is important as we undertake further regionalization that Marion retain as much control of its own destiny as possible. Albert E. Winters. Age: 54. Education: Sippican School, Tabor Academy, BS in Mech. Eng - Carnegie Tech, MBA - Univ. of Rochester. Occupation: Retired VP of Unisys. Experience and Qualifications: 30 years experience in computer industry. Response: I support the regional Conservation Engineer to make expert advice available to homeowners and regional efforts to install Total Quality Management to improve the towns services, improve worker morale and lower costs. Regional efforts for septage waste disposal to reduce cost to taxpayers would also have my support.

#### Board Of Health - Three Years (Elect One)

The candidates for Board of Health were asked: "What are the most important issues facing the new Board of Health?"

Elizabeth S. Dunn. Age: 58. Education: R.N., B.S.N., Certified Nurse Practitioner. Occupation: Nurse Practitioner (private practice); Director, College Health Services; Consultant, Wareham School System. Experience and Qualifications: Health Care Professional - 38 years experience. Response: -Establishing a functional board.

- -Assessing the needs of the town; setting priorities; developing policies to meet those needs.
- -Ensuring that all MDPH rules and regulations are in compliance in Marion and developing policies and procedures for those that may not be.
- Evaluating existing policies.
- -Identifying community health hazards.
- -Prevention.
- -Education.

Joseph P. Zora, Jr. Age: 45. Education: ORRHS, Wentworth Institute of Technology. Occupation: Electronic Engineer. Experience and Qualifications: served four years in the U.S. Navy; past member - Marion Conservation Commission, Personnel Board, Radio Study Committee. Response: The most important issues are a fair process and affordable solutions when enforcing the Marion Sanitary Code.

#### Board Of Health - Two Years (Elect One)

Albin R. Johnson, III. Age: 44. Education: Graduate Milton High School; studied Biology U Mass Boston. Occupation: Licensed Realtor and Construction Supervisor. Experience and Qualifications: Conservation Commission (Associate); Wastewater Facilities Plan Study Committee. Response:

-Extension of Marion's sewerage system to protect environmental and homeowners interests

-Voter participation in formulation of any new Marion Sanitary Codes

-Improvement of permit and inspection procedures to eliminate unnecessary delays and expenses

-Balance between environmental and taxpayers' concerns

Dennis F. Luttrell. Age: 43. Education: Natick High, University of Vermont. Occupation: Executive Director, Buzzards Bay Action Committee. Experience and Qualifications: Geotechnical Engineer, Marion Conservation Commissioner, eight years member County Board of Health in Colorado. Response: The most important issue will be the Board's teamwork and cooperation, as the Board proceeds with fulfilling its statutory responsibilities in dealing with: communicable diseases, drinking water, restaurant inspections, failed septic systems not allowed by the state, and the state's redrafting of the regulations (Title 5), permitting new septic systems.

#### Board Of Health - One Year (Elect One)

George W. Beckford. Occupation: Retired Manne Engineer. Experience and Qualifications: Contractor in this state 20 years. As a manne engineer I had responsibility for the operation of sewerage treatment plants, drinking water. Response: My Priorities:

Total accountability to the residents of Marion for all decisions regarding health issues

Some type of education program for our young people in regards to the AIDS problem we are facing

Affordable sewerage disposal both private and municipal Davis T. Gallison. Age: 69. Occupation: Retired physician (surgeon). Experience and Qualifications: Tufts Medical School; Rhode Island Hospital; Boston City Hospital-Surgical Residency; Pondville Hospital; Surgical Practice, Boston, Ma.; Marion Surgical Practice - Tobey Hospital. Response: Organize the New Board to conform to State regulations. Maintain immunization and established preventive measures. Insist on abundant pure water. Monitor tuberculosis, giardiasis, AIDS and other communicable diseases. Educate about tickborn diseases and rabies. Maintain pure food service standards. Edwin Pratt, Jr. Age: 48. Education: Harvard AB 1966, MPA 1982. Occupation: self-employed. Experience and Qualifications: 9 yrs Board of Health Member, 3 years President Mass Association of Health Boards, 8 years Trustee Tobey Hospital. Response:

- 1. Getting organized quickly in order to get down to work.
- 2. Developing efficient, effective and affordable solutions to Marion's serious septic system failure problem. This must include innovative technology and alternate financing method to reduce cost to homeowner.
- 3 Organize and direct a community Health Care Needs Assessment.

#### Town Clerk/Treasurer/Town Collector (elect one)

Candidates for Town Clerk/Treasurer/Town Collector were asked: "What improvements would you like to see in the Town Clerk/Treasurer/Town Collector's operations?"

Helen G. Westergard. Age: 57. Education: Graduate - N.E. Municipal Clerks' Institute: Certified Mass Municipal Collector and Treasurer.

Occupation: Town Clerk, Treasurer, Town Collector. Experience and Qualifications: Over 25 years' history of financial management and administration.

Response: Many improvements have been underway during my five years in office which have resulted in savings of hundreds of thousands of dollars to Marion taxpayers, and I intend to continue ongoing programs to improve safety of town funds, investment income and records preservation and restoration.

Debra M. Blanchette. Age: 35. Education: Massasoit Community College/Bus. Mgmt./Accounting. Experience and Qualifications: Acting Assistant City Auditor & Bookkeeper - Brockton. Co-President League of Women Voters, Treasurer Stockshoppers Investment Club. Response: There is a need for cooperation and communication between the Clerk/Treasurer/Collector and other town departments and better public relations with the residents of the

community.

The people of Marion deserve to have a Clerk/Treasurer/Collector who is compassionate and courteous as well as competent.

O.R.R. District School Committee (Elect One)

The candidate was asked: "What measures do you feel would be effective in building support for the necessary maintenance and renovation on the O.R.R. buildings?"

Richard Marx. Age: 42. Education: BS Electrical Engr, Masters - Systems Engineering. Experience and Qualifications: 3 yr Marion School Com. 1 yr liason to ORR District Response: I have worked hard to implement the public relations efforts in the ORR District. These efforts are on-going. Our next step will be to publish the summaries from our listening sessions.

Marion School Committee (Elect two)

The candidates were asked: "What do you view as the most important role of the School Committee?"

in there and dump," Mr. Tripp said during a recent interview in his Front Street home. "I was going to college and one of my jobs was to go out and rake the dump over and fix it up. That's how I first found a great many valuable old pictures, writings and letters that were thrown away by people who didn't have any historical interest in them."

One of Mr. Tripp's first acquisitions and the pride of his collection to this day is a photograph of President Grover Cleveland's wife, Frances, and the couple's baby daughter, Marion, named after the town they both admired. The tattered, taped photo depicts the attractive wife and child of the man who

Diane Y. Bondi-Pickles. Age: 40. Education: B.S. Early Childhood Education
- Marketing and Sales Experience. Occupation: Homemaker. Experience and
Qualifications: Incumbent - Pre-school and Elementary school teaching
experience - A parent of 4 children. Response: To establish policys and goals
which will allow the administration to provide the best education possible within
the towns financial resources. It is important that the School Committee &
Administration work as a system of checks and balances to obtain these goals.
Susan Stover Grosart. Age: 46. Education: A.B. Magna Cum laude,
Dickinson College. Occupation: Medical Office Manager, Co-Chair VASE.
Experience and Qualifications: As a school volunteer, I know the school well. I
understand how it functions. Response: The School Committee must work
harmoniously with administration, staff & town departments to create a school
budget and a learning atmosphere that will guarantee our children the best
possible education. The School Committee must recognize & foster the
outstanding community support that Marion has always shown for education.

served two terms (1885-1889 and 1893-1897) as both the 22nd and 24th President of the United States and also enjoyed summering in Marion after fulfilling his duties in the White House.

"From then on I found other things and got more interested ... and when I went back to college I started reading up on Marion's history," he said.

Mr. Tripp's familial roots run deep in the area, the immediate branch of which began with his grandfather's arrival in Marion from Westport to work aboard the whaler *Aldamaha*, which once moored just off the end of Main Street. His father later managed Gifford's Livery Stable in town and

Mr. Tripp and his three brothers and sister all grew up in the midst of a soon-to-be-expanding Marion.

His only sister, Mary, with whom he now shares his Marion home, worked for over 60 years at the Marion General Store and one of his brothers, Burton, who now resides in Florida, ascended to the rank of Chief of Police and served in that capacity for many years.

After earning his History degree from Tufts University in 1927, Mr. Tripp began a distinguished teaching career at his alma mater, Tabor Academy, and would later return after various stints at other schools in the late 1930's to head Tabor's Math

Department. But throughout, his interest in history and, in particular, the events which helped shape his hometown, never waned.

All those years of reading, researching and studying finally culminated when Mr. Tripp retired permanently from teaching in 1985 and took turns invariably as President of the Sippican Historical Society and Curator of the Society's museum on the corner of Front and Main Streets, a position which he holds to this day.

Considering Mr. Tripp's knack for locating rare, historic photos — his collection runs well over 800 — and his ties to the Historical Society, it was only natural that in 1991 the two collaborated to publish Reflections on a Town, a montage of photographs and anecdotes from Marion past. Written by Mr. Tripp and edited by John H. Ackerman of The Standard-Times, the book offers a vivid glimpse at a town which has and continues to change from a part-time summer resort to a yearround community.

"I had given several lectures (on) cable television for the Historical Society and I cut about a dozen or so tapes on the history of Marion that are kept at the Society itself," he said. "But I thought

collecting some of the photographs in a book would make a nice keepsake.'

In addition to a dated photo of the home on Spring Street where Mr. Tripp was born — with his mother and aunt standing outside — and the photo of Mrs. Cleveland that started it all, the book features depictions of one of the town's greatest benefactors, Elizabeth Taber.

"I've done a lot of research on Elizabeth Taber," he said. "She grew up in Marion and she taught school in the building where the Historical Society is now. She later married a clock maker from New Bedford and moved there and then to Acushnet. Her family was the Pitcher family and her father was a very successful businessman and ships merchant."

According to Mr. Tripp, after Ms. Taber's husband died, she returned to Marion and saw a need for many things in the town she always admired. Through a combination of her inherited wealth and shrewd business savvy she had acquired a formidable fortune — a great deal of which she returned to the town in the form of real estate donations. The most notable of these included Tabor Academy, the Town Library and Marion Natural History Museum, and the Music Hall.

"She always left a big endowment for the buildings she gave to the town," Mr. Tripp said. "But her only mistake was when she died, instead of leaving a board of trustees to run it comprised of businessmen and lawyers, she would very foolishly choose all the ministers from the surrounding towns

Another well-known tidbit from Marion's history included in the book — and one that has drawn a great deal of attention to the Historical Museum — is the unsolved mystery of the Mary Celeste, a half-brig which was found abandoned in 1872. Although the ship set sail from New York, its captain, Benjamin S. Briggs, grew up in Marion and took on his new command shortly before the baffling event occurred.

"The ship sailed out of New York with a load of alcohol," Mr. Tripp explained. "Three weeks later the *Dei Gratia* met the ship coming towards them. They thought there was something wrong about it ... they found nobody on board, everybody had disappeared and the lifeboat was gone and there was a line hanging from the stern that was torn at the end.

"What is thought to have happened is the ship was carrying denatured alcohol and one morning after coming through warm waters the captain discovered fumes coming out of the forward hole and he knew nothing about alcohol at all — he didn't even carry alcohol for medicinal purposes. So he thought the boat was going to blow up. So we think he got everybody into the lifeboat, grabbed part of rigging and tied it to the stern, and let themselves out several hundred yards in case the boat did blow up.

"We know from studying the nautical almanac at the time that there was a quick storm in the area that must have hit fast and when it did it snapped the rope and the *Mary Celeste* turned around and sailed toward America and they never could catch it ... and whatever happened to them has remained a mystery ever since."

of the sea," the story has inspired several books and dramatic renditions over the years and remains a great attraction at the Sippican Historical Museum.

Despite his many accomplishments, Mr. Tripp still busies himself with historical research. He still offers lectures on the town's history to a variety of civic groups and is already planning a follow-up to his successful *Reflections on a Town*.

"I've only used about 150 photographs from my collection in the first book," he said. "Probably the next thing I'll write will be something on the whaling days in Marion and the salt production here ... and maybe even focus on Marion as a summer resort."

Mr. Tripp can be found at the Sippican Historical Museum during regular business hours (11:00 am - 5:00 pm on Wednesday, Saturday and Sunday) and copies of *Reflections on a Town* can be purchased through The Bookstall in Marion and Baker Books in New Bedford.

### Mattapoisett Selectmen's Meeting April 20, 1993

By Bethany Morgan

A regular meeting of the Mattapoisett Board of Selectmen was called to order on Tuesday, April 20 at 7:00 pm by Chairman John N. DeCosta. Also present were Selectman Paul E. Lambalot, Selectman Daniel O. Mahoney, and Executive Secretary Carol Adams.

A preliminary meeting between Donald Bernard, Historic Tours, Inc. and the board, was held at 7:05 pm. Mr. Bernard requested the approval the inclusion of Mattapoisett within the Historic Tours program. Mr. Bernard presented three possible forms of transportation for such tours:

 trolly car provided by SRTA which holds 30 people

vehicle similar to Mattapoisett's senior bus

• a Dodge van which holds 15 people.

The board unanimously approved the inclusion of Mattapoisett as a sight for Historical Tours, Inc. under Chapter 159A.

The board then went on to the signing of the payroll and bills, signed a Certificate of Registration for renewal of underground fuel storage for the Police Department, 32 County Road, and Highway Department, 5 Mendell Road, both submitted for the purpose of signature. The board then approved the minutes of the April 13, 1993.

Chairman DeCosta next noted the following meetings scheduled throughout the week:

### Marion Selectmen's Meeting April 20, 1993

A regular meeting of the Marion Board of Selectmen was called to order by Chairwoman Loretta B. Schaefer on Tuesday, April 20 at 7:00 pm in the Marion Town House. Also present were Selectman Edwin "Ted" Pratt Jr., Selectman James S. Dougall, Executive Secretary Ray E. Pickles, and Secretary Helene Craver.

The board began with a 7:00 pm appointment with Department of Public Works (DPW) Superintendent Robert C. Zora regarding an update on the Perry Hill project. Mr. Zora said that although the work has been proceeding according to schedule, the contractor — RJB Construction — wanted quite a bit more money than was previously agreed to

complete the job under the Order of Conditions from the Rochester Conservation Commission.

"The DPW will be going in within the next two weeks to install pipe in the north well," Mr. Zora said. "We will then be taking over the project with the help of some local contractors around the first or second week in May. Prior to starting, we'll meet again with the Rochester Conservation Commission on site and walk through the project."

Mr. Zora said that the Rochester ConCom has been very cooperative and they've maintained a good rapport throughout.

Mr. Pickles added that an article will be

placed on next week's Annual Town Meeting warrant to appropriate \$6,287.50 to pay the Rochester Police Department for third party detail work at the Perry Hill site. Mr. Pickles also stressed that before any money is released to RJB Construction, he wants to be sure that everyone has been paid for their assistance on the work completed. The town is retaining approximately \$7,500 on the project and will probably end up spending close to \$10,000 prior to completion.

The Perry Hill project was initiated in response to a state-mandated deadline for the town to meet standards for reserve water supply by June,

1994. Mr. Zora said the project should be completed by mid-May.

The Spring Flushing Program is also going along smoothly, and Mr. Zora said he expects the last sections of town to be completed within the next week.

Lastly, Mr. Zora informed the board that there is a great deal of surplus equipment now available from the DPW, which he would recommend putting out to bid for spare parts. If the equipment is not purchased, it should be junked. The board agreed and approved Mr. Zora's recommendation.

At 7:20 pm, Police Chief Brian J. Scott came before the board to discuss changes in the police department's high speed pursuit and use of force rules and regulations. Chief Scott explained that due to potential liability factors the town could face, he has made some changes in the procedures governing these two policies.

"When the town has to address the liability issue in terms of insurance, there are two specific questions dealing with both high speed pursuit and use of force policies in the police department," he said. "These particular rules are usually incorporated into a department's general orders, but in our case, they come under rules and regulations so they may be reviewed on an annual basis."

Although Chief Scott had intended for the board to review the changes in the policies, copies of the complete regulations were not available for review due to a clerical error. He therefore agreed to get complete copies to each of the Selectmen for their perusal, after which time he will schedule another meeting to discuss their recommendations.

When asked about the gist of the changes made, Chief Scott said that high speed pursuits are not allowed under normal circumstances within the Town of Marion, but he could not prevent police vehicles from other towns from doing so when passing the town line. Use of excessive force is also never encouraged, unless it is required to bring a situation under control.

"There used to be a time when police departments would conduct high speed chases on a

regular basis," Chief Scott said. "You don't see that anymore because of the safety and liability factors involved."

The board then adjourned and reconvened as the Board of Health for a scheduled 7:30 pm hearing to amend and change a portion of the Marion Sanitary Code. Mr. Pratt noted that MSC 4.20.3 needs to be amended, since it specifies schedule 40 or equal quality pipe in the construction, expansion or repair of a septic system. Schedule 40 is not an industry standard.

"I would recommend we continue the hearing, since we've received a more detailed letter from GAF Engineering regarding the specifications of the pipe in question," Mr. Pratt said.

But Mr. Dougall agreed that the specifications are such in the letter that he is comfortable with making the recommended changes. These include using Schedule 40 pipe with three rows, 120 degrees apart, and using a Schedule 80 pipe or greater under vehicle loads (i.e. driveways). The board unanimously moved the changes as submitted.

The board next received a letter from Regional Sanitarian Karen E. Walega regarding a complaint filed against Marion Treichler, 20 Ichabod Lane, that septage is leaking from the back of her property to Brookhaven Lane. Ms. Walega has already made arrangements to inspect and rectify the matter.

As the final action of the joint Board of Health/Board of Selectmen, Mr. Pratt asked that a reorganizational meeting be called for Monday, May 3 at 7:00 pm in the Board of Selectmen's office to orient and bring together the newly-elected Board of Health. Mr. Pratt offered to serve as convening officer for the meeting, whether elected to the new board or not, which was approved.

Returning to Board of Selectmen business, under incoming correspondence for the week Chairwoman Schaefer noted a memo which was sent to all Marion voters regarding the ORR School District repairs and accompanying literature which will be presented at next week's Annual Town Meeting.

"This is really the ultimate effort," said Selectman Pratt. "I can't think of anything more we can do to support these renovations." All three towns — Marion, Mattapoisett and Rochester — will be holding a Special Election on May 21 to vote on the issue.

The board next received a report from Camp, Dresser & McKee, Inc. regarding the final results of Effluent Toxicity Monitoring at the town's Waste Water Treatment Plant conducted by Aquatec, Inc. The results showed that Marion's WWTP effluent met all toxicity limits. Both Selectman Pratt and Mr. Pickles agreed that's proof of the positive results the recent changes have made in the facility.

"We've dropped down to the lowest PH levels we've ever had," Mr. Pickles said. "And the engineers believe the Nitrogen level will also drop if

and when we flow into a fourth lagoon."

The board also received a letter from Com/ Electric asking to schedule their annual Emergency Operating Plan meeting with town officials and a notice from the DEP regarding a Determination of Applicability on the application of Linda C. Lane, 168 Point Road.

The board then voted to approve the minutes of the April 13 meeting.

There being no further matters to come either before the Board of Health or Board of Selectmen, they adjourned to go into Executive Session to discuss a settlement in the pending Van Doren litigation case and would come out of Executive Session only to adjourn for the evening.

Rochester Selectmen Reorganize Board Special Meeting April 15, 1993

A meeting of the Rochester Board of Selectmen was called to order on Thursday, April 15 at 7:00 pm. Present were Selectman Lorraine Roy Hawkes, Selectman David L. Hughes, newly-elected Selectman Michael C. Murphy, and Administrative Secretary Shirley Ferreira.

After approving the minutes of the April 12 meeting, Selectman Hughes made a motion to appoint Selectman Hawkes as Chairwoman of the Board of Selectmen. The motion was seconded by Selectman Murphy and Ms. Hawkes accepted the nomination.

Newly-elected Chairwoman Hawkes then proceeded with business for the evening, first noting that a vote was needed from the board to approve a second question on the May 21 Special Election Ballot. In reference to the question, Finance Committee (FinCom) Chairwoman Pat Ryan asked

the board if it might be possible for the town to pay for part of the proposed pumper tanker purchase for the Fire Department and the rest to be placed on the override question.

Ms. Ryan said she felt if the town had enough money, they could use or borrow less than the entire amount being proposed. Chairwoman Hawkes said that the fire department would certainly have no objection to this option. She then moved that Ms. Ryan call Town Counsel to check on the proper wording for the article. Ms. Ryan agreed, but asked that Ms. Ferreira consult Town Counsel instead and get back to her. The motion was unanimously approved by the board.

The board then acknowledged and accepted the resignation of John Mello from the FinCom, effective April 15, 1993. The board also accepted the resignation of Michael Murphy from the FinCom, also effective April 15, due to his new position on the Board of Selectmen. Selectman Hughes moved to accept both resignations with regret, thank Mr. Murphy for his service to the committee, and asked that a letter of appreciation be sent to Mr. Mello. Copies of both resignations will be provided to the Town Clerk.

submitted by Michael Murphy. Chairwoman Hawkes said this disclosure negates any voting on licensing for Selectman Murphy, since he has a vested interest in a town business. The board moved to accept the disclosure statement.

Chairwoman Hawkes next noted the following incoming correspondence:

• Memo from Police Chief Walter V. Denham, Jr. concerning \$300 which he inadvertently left out of his submitted expense budget to cover an exterior light at the police station. The board moved to add the amount to Budget No. 30, which will now total \$23,225.

• Letter from GAF Engineering, Inc. requesting an article to be placed on the Annual Town Meeting warrant to accept Forster Road as a public way. A portion of the road is already acknowledged as a public way, but an extended culde-sac section was not previously accepted. The board suggested that before the town accepts the

Chairwoman Hawkes then asked Selectman Hughes to serve as Acting Chairman from April 19 - April 25 while she is on vacation. Selectman Hughes agreed. Selectman Hughes thanked Chairwoman Hawkes and added that he was optimistic about the newly-formed board. Both Chairwoman Hawkes and Selectman Hughes also congratulated Mr. Murphy on his election win. There being no further business to discuss, the board adjourned at 7:25 pm.

### Rochester Selectmen's Meeting April 20, 1993

A regular meeting of the Rochester Board of Selectmen was called to order on Tuesday, April 20 at 6:30 pm by Acting Chairman David L. Hughes. Also present were Selectman Michael C. Murphy and Administrative Secretary Shirley A. Ferreira. Chairwoman Lorraine Roy Hawkes was on vacation.

After approving the minutes of the April 15 reorganizational meeting, Chairman Hughes went over the following incoming correspondence for the week:

• Letter and check for \$122,626.99 from SEMASS for their March, 1993 host fee, including a retroactive CIP adjustment for January and February to account for cost increases during those months.

• A copy of the Massachusetts Intermunicipal Insurance Agency (MIIA) Control Bulletin on pothole liability in cities and towns.

• A response from Rep. William Straus upon a request from the board for information on mandated landfill closures throughout the state. According to Rep. Straus in his letter, "I feel as though the Department of Environmental Protection (DEP) lacks the authority to order landfill closures without paying for the financial implications of such closures."

At 7:00 pm, the board took up the appointment of Betty Ann Thomson to the Old Colony Regional District Committee. Ms. Thomson, whose term expired this year, requested reappointment to the committee. The board unanimously voted to reappoint Ms. Thomson to the Old Colony Committee for a three-year term to expire in April, 1996.

There being no further matters to come before the board, they adjourned for the evening at 7:26 pm.

# Memorandum to the Voters of the Towns of Marion, Mattapoisett and Rochester

The 32-year-old High School of the Old Rochester Regional School District needs fixing.

The cost to build it in 1958-1961 was \$2.35 million. The original long-term borrowing for construction was paid off in 1977 and 1978. In 32 years of service, the only significant improvements made have been to rebuild the sewer plant, to install an elevator providing access for the handicapped and, after 27 years, to replace the roof. This work was in 1987-1988.

At this spring's annual Town Meetings (April 26 in Marion and May 17 in Mattapoisett and Rochester) and subsequent special elections on May 21 for all three towns, voters will be asked to approve a borrowing of \$1.392 million by the District for improvements to the High School, to appropriate each town's share of the debt service and exclude such debt service from the limitations of Proposition 2 1/2.

The proposed improvements are:

(1) Boilers — to replace the original No. 6 fuel oil-fired boilers for heat and hot water with efficient

and smaller No. 2 fuel oil-fired, gas-fired or multifired boilers, to install a boiler water treatment system, to reline, replace or remove the underground fuel oil storage tanks, and to rezone the office area for usage control separate from the rest of the building.

- (2) Asbestos to remove or encapsulate, as needed, asbestos insulation on piping and mechanical equipment throughout the building and to replace ceiling tiles in the asbestos work areas as needed.
- (3) *Electrical* to replace and upgrade interior lighting systems and electrical equipment in the

classrooms, hallways, library, cafeteria, and auditorium and to upgrade the clock system.

- (4) Fire Doors to replace or renovate hallway fire doors, as needed, to meet current safety and fire codes, and to install electrical magnetic controls to hold the fire doors open during regular use and close them automatically in the event of fire.
- (5) Access for the Handicapped to make such further alterations to the building as may be necessary and appropriate for access for the handicapped.

The borrowing will also provide funds for the costs of borrowing and all usual and necessary

services of architects, engineers, lawyers and other consultants to implement the borrowing and the described building improvements.

This proposal is the product of a lengthy process begun by the District School Committee in the Fall of 1991 to reach out to the community through its own advisory committee and an ad hoc building improvements committee made up of selectmen and members of the finance committees of the three towns. It was revisited and redefined this year.

We learned that the building is structurally

sound and that the 1993 replacement cost is approximately \$22 million.

We determined that we could best preserve this most valuable community asset by presenting voters with a project defined and limited only to the most essential and urgent improvements. We believe that the project meets this criteria. First and foremost in our thinking was safety, to provide a safe place for the education of the children of this and future generations, and secondly, to provide heat and light throughout the building more efficiently and at less cost.

Our common sense of urgency tells us that the project must begin in 1993. We ask your support.

### Letters to the Editor

To the Editor: "It's back."

Be alert all boat owners whether recreational or commercial, registered or not registered, documented or not documented, because the boat excise tax legislation from last year, the one they said was dead, is very much alive again. House No. 2714 has been filed by Rep. Thomas Cahir (D) of Bourne for the Buzzards Bay Action Committee (BBAC), the petitioner. Approximately 95 bills have been filed at

the State House in regards to boating, fees, license

increases, harbormasters, etc.

House No. 2714 has already had a public hearing which was held on March 24 and is now before the taxation committee. This year's bill has only a slight language change, but our "boat excise tax will be computed by current fair market value as determined by the municipal board of assessors and based on the 'BUC' Boat Price Guide, or other means necessary." This "BUC" Boat Price Guide used is 1/3

higher here than in any other part of the state, and "other means necessary" sends a red flag of warning up. They simply want more money from us. All equipment will be taxed as well, and most of the equipment is mandated by the U.S. Coast Guard.

We, as taxpayers, must unite from all over this state to defeat this piece of legislation that will kill an already failing economy. Boating is being singled out and we pay more than our share through excise taxes, mooring fees, beach stickers and parking. Pretty soon they will find a way to measure and tax the air we breathe. We need to send a message loud and clear: NO MORE! Is the Buzzards Bay Action

Committee going to turn into another Massachusetts Water Resources Authority? More bloated government?

We have organized and formed a Massachusetts Boating Association (MBA) and our next meeting is being held on April 29 at the Music Hall (near Tabor Academy) located at the corner of Cottage and Front Streets in Marion at 7:00 pm. The guest speaker will be Rep. William Straus from Mattapoisett, and the discussion will be on the legislative process. Discussion will continue about the other bills that have been filed. We have also printed a flyer that will be at various stores, bait

To the Editor:

I am writing on behalf of the Marion Music Hall Study Committee to encourage all citizens to participate in the formulation of our

recommendations to the Board of Selectmen, which are due October 1, 1993.

The next scheduled meeting of the Music Hall Committee will be held on Thursday, May 6 at 7:00 pm in the Music Hall. We hope that many interested people will attend. We welcome your input and encourage you to join us as we continue our work on this important undertaking.

Our committee has been charged with determining the current and potential uses of the building, getting cost estimates to repair it, finding sources of funding for the restoration project, and suggesting additional methods by which monies might be raised.

The following people are members of our committee. Please talk with them and/or write to them with your suggestions c/o the Board of Selectmen, Town House, Spring Street, Marion, MA 02738:

Jane Babbitt, Wendy Bidstrup, Danielle Coffin, Edward Briggs, Charles Cann, Pat Figueredo, Clayton Hagy, Greg Houdelette, Trudy Kingery, Claude Miquelle, Ellen Stone, Joan Ten Eyck, Kyle Ten Eyck, Rodney P. Hunt, Franklin W. Gibbs, Jere L. Hill, Belmiro J. Barros Jr., Manuel Barboza, Ann R. Washburn, Warren L. Washburn, and William R. Washburn.

hot and humid New England days will set in — known by most as "the dog days of summer" — you may want to start considering making them "the cat days of summer" as well. How is that accomplished, you ask? By adopting one of the many fine offerings from the folks at Animal Umbrella, Inc.

This week, the group has an abandoned but beautiful black female cat with three gorgeous kittens (two orange, one black) looking for loving homes.

Also available this week: "Teddy" and "Midnight" are two abandoned cats (the goat lady of Dartmouth owned them before she died). "Teddy" is a large, handsome grey & white neutered male who is a great mouser! He's very protective of his son, "Midnight," an all-black with yellow eyes.

"Midnight," although near death from a car accident when a kitten, has made a near-perfect recovery and is now healthy and strong. He is somewhat shy at first, but eventually responds to affection and TLC. "Midnight" has also been neutered.

If you are interested in any of these adoptable pets, please call Animal Umbrella volunteer Diane East at 997-4037.

The group also reports the following pets available through private owners in the area:

• Four kittens to be given away, each about five and a half weeks old and very tame. They include one tiger, a pair (one male, one female) of siameselooking kittens with white and grey ears and tails, and one liver and white fluffy male. Please call 995-3944 if you are interested in the pick of this litter.

• Three kittens, all orange and white, about eight to ten weeks old. They look part Persian. Please call 994-5698 after 8:00 on weekdays if interested.

• One black long-haired female, about six months old who's very lovable and playful. Call 992-6590.

No gold medals were given that morning, but Old Hammondtown and the Foxboro Eighth Grade band finished with silver medals. Other medals awarded were in the bronze and medal of merit categories.

Old Hammondtown performed "A Salute to Liberty," "Music of the Night," and "The William Tell Overture." Judges and spectators alike commented on the professional look and sound that the young musicians displayed.

Historical Society Presents Davis Exhibit The Sippican Historical Society, in cooperation

with the Marion Art Center and Tabor Academy, will present a retrospective exhibition of paintings by the late Cecil Clark Davis (1877-1955) in conjunction with the Second Annual Marion Antiques Show on August 14 and 15, 1993. The show will be held at the Stone Gymnasium, Tabor Academy, Marion, MA, and the installation will include as many of Davis' portraits as can be located.

The Society hopes to assemble the largest number of paintings ever to exhibit at one time. The Society is looking for loans from private collections as well as paintings from institutions for this exhibition. Mrs. Davis had studios in Chicago, New

Sometimes You See It Coming

• Kevin Baker, Crown, \$20

Less likely than Babe Ruth's called shot, more surprising than a worst-to-first World Series is the appearance of baseball's greatest player in Hell's Gate, West Virginia. John Barr shows up out of nowhere, it seems, and wants to play professional baseball. No college ball, no American Legion, not even the last two years of high school, but he wants to play pro. The manager of the Hell's Gate Hellions — a veteran of 50 years who's missing his left eye, his right leg, and all his teeth — figures it will only take ten minutes to get rid of this kid who's seen too many movies.

Trouble is, John Barr catches everything Ol' Cal Rigby hits at him. Then he turns around and hits everything the pitchers serve up. He's on the team, and Kevin Baker's boisterous baseball novel,

Sometimes You See It Coming, is underway.

Baker tells a tall tale of baseball, and of a player who leads a team to more success than any other. John Barr is part Joe DiMaggio, part Mickey Mantle, and a whole lot of Ted Williams: a taciturn New Englander who doesn't go out with the boys, doesn't tell about his mysterious past, and doesn't ever let his team down in a clutch. Around him swirls an improbably colorful cast of baseball players on Baker's fictional New York Mets. This rogues' gallery of ball players is so much fun you wish you could read about them everyday in the paper.

Coarse, silly, sublime, just like the game itself, Sometimes You See It Coming captures the spirit of baseball today.

Review reprinted from Baker Books' BookPage, used with permission.

#### "Strange Snow" at Marion Art Center

The Globe Theater Troupe, Inc. in collaboration with The Veterans' Transition House will present "Strange Snow," a romantic comedy, at the Marion Art Center on Friday and Saturday, April 23 and 24 and continuing Friday and Saturday, April 30 and May 1 at 8:00 pm. There will also be two Sunday afternoon matinee presentations — on April 25 and May 2 at 2:00 pm.

"Strange Snow" tells the story of how the lives of a Vietnam vet and his sister are changed for the

better when the brother's zany war buddy, Jackknife, arrives to commemorate the memory of a friend killed in action, by celebrating the first day of the fishing season. The movie based on the play is called *Jackknife*, and stars Ed Harris, Kathy Baker and Robert DeNiro.

This production is funded in part by the Massachusetts Cultural Council to support and encourage artistic endeavors of Vietnam veterans. Five or six Vietnam veterans will be directly involved in this production. Director Santiago Gonzalez; Jack Oliver, who plays the part of Dave; the technical crew Ralph De Blasi; Arby Kenny; Bob

Courtney Hohne, a junior co-captain of the ORR team, was selected to the League All-Star Team for being one of the top four high scoring juniors throughout the season in the 19-school league. ORR was next slated to compete in the State Math Meet at Apponequet High School on April 14. Wareham Elks Student Awards

The faculty of ORR High School has named the following students as Student of the Month for March and April, respectively:

Serene Silva of Mattapoisett and Tiffany Jawor of Rochester.

In addition, Serene Silva of Mattapoisett was chosen as ORR's Student of the Year.

The criteria used by the faculty in the selection process includes excellence in scholastics, citizenship, performing arts, fine arts, athletics, and community service. These students will be honored by the Wareham Lodge of Elks at their annual banquet in the spring.

Chancellor's Award for Academic Excellence

ORR is pleased to announce that James T. Leverone, son of Mr. and Mrs. James Leverone of Rochester, a junior at ORR High School, has been selected to represent the school in the 1994 Chancellor's Award for Academic Excellence competition which will be conducted this month on the Amherst campus of the University of Massachusetts. The candidates receiving this recognition are outstanding Massachusetts high school students who have demonstrated high achievement in academics. Tim will have the opportunity to compete for a merit scholarship with a four-year waiver of tuition for students enrolling at the university in September of 1994.

Each year, all high schools in the Commonwealth are asked to nominate a top ranking junior to compete in the competition at the university. Students will be selected for a limited number of scholarships based on their performance in academic achievement tests in English and Mathematics.

#### **ORR** Exchange Students — AFS

ORR AFS would like to place two European students in homes in the tri-town area for the academic year of 1993-1994. One is a seventeen year old girl from Italy; the other is a seventeen year old boy from Norway. Both are fine candidates and would make a positive contribution to ORR High School, their communities, and their hosting families.

AFS students arrive in late summer and leave at the end of June of the following year. Host families provide housing, food, and friendship. The student and the host family are supported by the Old Rochester Chapter of AFS as well as the organization's local and national network.

If you are interested in learning more about this wonderful opportunity for you and your family, please call Richard Ellis or Claire Flynn at ORR (758-3745).

This seminar is being held by the Education Forum, a non-profit, public service organization of New Bedford. Seating is limited. Please call 990-1050 to reserve a seat.

#### Bishop Stang Class of '73 to Hold Reunion

The Bishop Stang High School Class of 1973 will be holding its 20th Reunion on Saturday, July 24 at the Hawthorne Country Club on Tucker Road in North Dartmouth. There will be an informal icebreaker get together on Friday, July 23 at The Jukebox in New Bedford. On Sunday, July 25, the class will have a family reunion picnic on the grounds of the high school. For further information

or questions, please call the Development Office at 993-8959.

Parent-Teen Rap at Old Colony

Parents as Partners at Old Colony Regional Vocational Technical High School will hold its second annual Parent-Teen Rap on April 29. All Old Colony students and their parents or guardians are encouraged to attend.

A follow-up to a similar October program, this rap will offer the opportunity for open discussion of problems and concerns. To facilitate communications, teens and their parents will be asked to join separate groups. (Although parents and teens attending together is preferred, members of either group are welcome to participate alone).

An opportunity to learn and understand the attitude differences of the "generation gap." Parents as Partners Rap is intended as a first step in opening family communications.

The rap will begin at 6:30 pm and be held at the Old Colony cafeteria. There is no admission charge for any participant. Questions concerning this program can be directed to Irene Duprey-Gutierrez at 763-8011 during normal school hours.

#### Wellness Retreat

Join Linda Marcoux, Debra Gottfried and Joyce Coogan for five hours of total physical bliss as you learn proper breathing and warm-up techniques based on Kripalu yoga, Danskinetics, yoga postures, relaxation and self-massage. This event will take place on May 1 from 11:00 am to 4:00 pm at the Faunce Corner Club in North Dartmouth, MA. The perfect gift of health for you or someone you love! The cost for the retreat is \$40 for members, \$48 for non-members. To sign up for the event, or for further information, please call Linda Marcoux at 748-3039.

#### Local Girl Selected to Girls State

The American Legion Auxiliary will hold its 48th Annual Massachusetts Girls State at Mount Holyoke College in South Hadley, MA from Saturday, June 12 through Thursday, June 17.

Miss Sharon Tripanier, daughter of Mr. and Mrs. Edgar Tripanier, a junior at Old Colony Regional Vocational Technical High School, has been selected by The Machacam Club to be their representative. More than 18,000 Massachusetts girls have participated in this citizenship program since

Earth Day '93

Area Organizations and Businesses Work For a Better Environment

In observance of Earth Day on April 22 each year and the variety of events which accompany it throughout the ensuing weekend, several area organizations and groups have chosen to highlight ways to generate community involvement and support in saving Mother Earth.

Old Hammondtown Grade 5 teacher Suellen Aiken takes the opportunity every year to teach her class about the environment and to start up their ongoing landscaping project at the school.

Over the last three years, the students have worked to help beautify the school grounds and plant trees, shrubs and plants donated from area vendors and contractors. "We try to do little by little with whatever funds we have available," Ms. Aiken said.

Several local groups, including the Mattapoisett PTA have contributed to the project. Anyone who would like to donate either their time or services to the effort, should contact Ms. Aiken c/o Old Hammondtown School.

Elleda Katan of the Mattapoisett Recycling Committee would like to remind residents that they can take all their recyclables to the composting area of the town landfill during regular business hours —

With their sights toward a town-wide curbside recycling program, Ms. Katan said the group's efforts continue on a regular basis.

And when it comes to recycling at Fairhaven's Mail Boxes, Etc., it's Earth Day 365 days a year. The establishment on Sconticut Neck Road serves as a collection center for the local recycling of foam loose-fill peanuts. To participate in the program, consumers can simply call the Loose-Fill Collection Center Program toll-free number (1-800-

828-2214) or call Mail Boxes, Etc. in Fairhaven at 994-0505.

Since its inception in 1991, the program has received more than 2,000 telephone calls each week and some 32,000 people have visited a Mail Boxes, Etc. center to recycle their packing peanuts. Mail Boxes, Etc. is the world's largest franchiser of neighborhood centers specializing in postal, business and communication services.

But the most important contribution comes from you. *The Wanderer* would like to remind everyone to make a conscious effort to recycle refuse from their homes and do what they can to help preserve our planet's dwindling natural resources, both in commemoration of Earth Day and year round.
